

Full Stack Developer

Name: Shweta Jayant Pallewar **Email:** shwetapallewar@gmail.com **Phone:** +91 8805239632

Professional Summary:

- More than 2 years of software development experience, specializing in the design, development, and deployment of web-based applications.
- Skilled in developing Single Page Applications (SPA) and dynamic responsive web applications using React.
- Proficient in modern AI-assisted development tools such as Kiro, Claude, ChatGPT, GitHub Copilot, Perplexity, and Antigravity to improve coding efficiency and productivity.
- Experience working with AI models including SAM3 and Mono AI for real-time data analysis and intelligent feature integration.
- Proficient in tools like npm, Postman, and Visual Studio Code.
- Experienced in both client-side and server-side scripting languages including HTML5, CSS3, JavaScript, TypeScript, and frameworks like React, Redux.
- Understanding of Agile processes.

Technical Skills:

- **Front End Technologies:** React js, TypeScript, JavaScript (ES6+), HTML5, CSS.
- **State Management:** Redux
- **Server-Side Technologies:** MySQL, RESTful APIs.
- **Backend (Basic / Working Knowledge):** Node.js, Python.
- **UI Frameworks:** Material UI, Prime React UI Library, Bootstrap, SASS(SCSS).
- **Development Tools:** NPM, Postman, Git.
- **AI & Productivity Tools:** Kiro, ChatGPT, Claude, GitHub Copilot, Perplexity, Antigravity.
- **AI Models Exposure:** SAM3, Mono AI.
- **Methodologies:** Agile, Scrum Sprint, Jira, Taiga.
- **IDE:** Notepad++, Visual Studio Code, Visual Studio.

Professional Experience

ZeniusIt – Full Stack Developer Location - Hyderabad Feb 2025 - Present

Ai Dental Project Application

- Developed a **React application** for managing patient records and analyzing dental X-rays using **AI integration**.
- Implemented AI models for **teeth numbering, decay detection, and interactive severity visualization**.
- Designed a **treatment recommendation system** that suggests procedures based on AI analysis.
- Utilized **.NET and MySQL** for efficient patient data management, ensuring secure and seamless storage/retrieval.
- **Technologies:** React, HTML5, CSS3, JavaScript, Bootstrap, .NET, MySQL
- Used AI tools like Copilot and ChatGPT, to enhance development speed and debugging.

TruDose Application

- Developed a comprehensive **admin portal** using **React.js** and **Material UI** for hospitals, clinics, devices, and patient management.
- Integrated a **MySQL database** to manage hospital account details, clinic assignments, devices, and patient records.
- Designed an interactive **dashboard** to display hospital accounts and assigned resources.
- Implemented **reporting and settings modules** for efficient data management, with a **.NET backend** handling business logic and API services.
- Utilized AI tools such as ChatGPT and Copilot for faster implementation of features and optimization.
- **Technologies:** React.js, Material UI, MySQL.

Antro-Pai - Front-End Developer *Location–Hyderabad(Mar 2024 – Feb 2025)*

Geno Tracker Applications

- Spearheaded front-end development using **React.js**, accelerating delivery timelines by **80%** through optimized workflows and collaboration.
- Integrated **REST APIs** with **Axios**, **Redux Toolkit**, and **Fetch API**, ensuring **real-time HRMS data updates**.
- Implemented **JWT-based authentication** to safeguard sensitive employee and project data.
- Designed **responsive UI** from **Figma wireframes**, significantly improving **user experience and engagement**.
- **Technologies:** React.js, Redux Toolkit, Axios, Fetch API, JWT, HTML5, CSS3, Bitbucket

Antro Corp Website

- Developed and maintained the **corporate website (Antrocorp.com)** using **React.js** with a **component-based architecture**, reducing code duplication by **60%**.
- Collaborated with designers to translate **Figma designs** into responsive, user-friendly pages.
- Ensured **cross-browser compatibility** and optimized performance for faster load times.
- Used AI-assisted tools like Claude and ChatGPT for code suggestions and UI improvements.
- Contributed to version control and collaboration using Bitbucket.
- **Technologies:** React.js, HTML5, CSS3, JavaScript, Bitbucket

Education:

Master Of Computer Applications (MCA)

Institute Of Kamla Nehru Mahavidyalaya 2021 - 2023.
